Nana Boateng

M01118919

Department of Mathematical Sciences

Dear Mr. Boateng:

I am writing to inform you that your thesis has been reviewed for errors. I ask that you address the comments discussed below. You may pick up your thesis at the front desk of the College of Graduate Studies (898-2840).

1. Please arrange your thesis so that the approval page is first and the title page is second. Also, please remove the page number from the title page (the approval page is neither counted nor numbered, and the title page is counted but not numbered, which makes the Abstract page correctly numbered "iii").
2. Please adjust the date on your title page so that it reflects your month and year of graduation (August 2012).
3. The page numbers within the body of your thesis (those using Arabic numbers) appear to be more than one inch from the top (particularly more than one inch from the top) and right edges; please adjust this.
4. Table numbers and titles are to appear above, not below tables. Figure numbers and their captions should remain below figures.

Please return four copies of your revised thesis (or additional number of copies for which you have paid) to the Office of Graduate Studies at least one week prior to graduation; otherwise, your degree conferral may be delayed until the next graduation. Each copy of your revised thesis needs to be in its own separate envelope and should include your name, email, and phone number on the outside. All copies of your thesis need to include a copy of your signature/approval page (one of these needs to be the original signature/approval page—not copied). Dean Allen will sign your thesis after you have made any suggested adjustments and submit your final copies. Upon receipt of the four copies (or the relevant number if you ordered additional copies to be bound), your thesis will be sent to the bindery. Once your Graduate Analyst certifies that you have completed all other degree requirements, your name will be placed on the August 2012 degree list.

Soon after commencement, the Office of Graduate Studies will send the copies to the bindery. It will take approximately 6 to 8 weeks after the beginning of the following semester for theses to be bound and returned to the department. If you are unable to retrieve your copy, you may wish

to make alternate arrangements to pick it up. Should you have any questions, please feel free to contact the Graduate Studies Office at 898-2840.

Sincerely,

Brandi Williamson
Thesis and Dissertation Consultant
College of Graduate Studies
